BAKING · PORTABLE · VAPORIZER

OWNERS MANUAL

Introduction

The Endo portable vaporizer by VaporSkunk is a revolutionary product. Endo will give you pure vapor and zero combustion every time. We utilized the very latest baking chamber technology when launching the Endo. It has an adjustable temperature control from 350˚F to 430˚F. With an OLED screen you will always know at what temperature your vaping your most favorite dry herbs. The built in OLED screen also has a battery power indicator. Take the Endo with you anywhere as it is very portable and discreet. VaporSkunk is a pioneer in the dry herb vaping industry and the Endo is proof that we take dry herb vaping very seriously!
